Milked His Cow.

David Ward of Bloomfield Avenue complained to Officer Smith that some unknown person was in the habit of milking his cow while she was in the pasture at night. The officer is on the watch.

INDIGNATION MEETING.

Belleville's Citizens Protest Against the Proposed Trunk Sewer.

A largely attended meeting of the citizens of Belleville was held in Passaic Hall Thursday night, to protest against the establishing of sewage disposal works by the city of Orange on the banks of the Second River, in that township. The sentiment of the meeting was decidedly against the establishment of these works, and every denunciation of them, or those engaged in the project, was hailed with hearty applause.

Messrs. Eastwood, Brett, Assemblymen Jackson, Courter, Dr. Skinner, and others spoke.

Mr. Skinner offered the following resolution, which was unanimously adopted:

Whereas, The city of Orange has begun the erection of a system of sewage which is to pass through Belleville to the Passaic River, the plans of which include a receiving chamber or gigantic cesspool, to be located on the border-line between Belleville and Newark, and having an outlet into the Passaic River in the city of Newark, about 1,500 feet south of the Belleville line, and, whereas, we believe that this will make the Passaic River, already foul from the sewage of the cities of Passaic, Paterson, and Newark and the refuse of countless factories, a noxious and offensive stream, breeding disease and death; and, whereas, the city of Orange has chosen this route for said sewer, ignoring the route to Newark Bay, also suggested by its engineer, and justifies its choice to the most offensive and dangerous plan solely on the ground of economy; and that, notwithstanding the fact that the law under which this action is taken provides that this act shall not be construed to authorize the discharge of sewage into fresh water in such a manner as to defile a source of public water supply.

Resolved, That we denounce this plan as dangerous to public health and an outrageous invasion of the rights of others without justification of public necessity or warrant of law.

Resolved, That we commend the action of the Township Committee in notifying the authorities of Orange and other towns contemplating this step of Belleville's intention to oppose it, and we urge the said Committee to prevent the consummation of this project by appealing to the courts of this State and interposing every obstacle that legal ingenuity can suggest.

BASE-BALL.

The Watsessing Stars will play the Acme B. B. C. of Newark this afternoon at Watsessing.

The Orange Athletics played a pretty game with the Brightons of Brooklyn, winning by the score of 4 to 2.

In the game between the Stars of Watsessing and the Jersey Rovers of Newark on Saturday, the pitching of Gebhardt of the Stars was the feature. The Stars won, 9 to 1.

This afternoon the Seniors of the M. C. A. A. will play the Hackensack Outings on the Valley Road grounds. A good game is anticipated, as the Outings are a very strong team.

The Ironsides of Roseville won another easy victory on Saturday, their victims being the Howard B. B. C. Score 12 to 4. The Ironsides will play the Titans of New York at Roseville this afternoon.

The Montclair Athletics and their friends were greatly disappointed last Saturday at the non-appearance of the Manhattan Athletic Club team. They sent word at the last minute that they could not come. It seemed strange, as they were able to play at Rockaway. The crowd was not deprived of sport, however, as the Seniors and the Juniors played a game resulting in an easy victory for the former; score 14 to 3.

Tried to Pass Confederate Money.

Oliver Ackerman, the eighteen-year-old son of John Ackerman who resides in Cleveland Street, but who formerly resided in this town, where he is well known, was arrested in that place on Saturday on the charge of trying to pass bad money. Ackerman went to an Italian fruit merchant on Main Street and bought a box of cigars for $4, tendering in payment a $20 Confederate bill. The Italian did not have the necessary change, but sent out to get it. The messenger returned and said the bill was worthless. Young Ackerman then said he would get the bill changed himself, but the Italian had sent to the police station and Detective Conroy came around and arrested Ackerman, who claimed he did not know the bill was bad.

He was released from custody on Monday, as the charge against him was withdrawn.

Sent to Jail.

George Van Riper of Montclair wandered down to Bloomfield last Sunday, and succeeded in getting very drunk. George started for his home by way of Bloomfield Avenue, and for a short distance was equal to the task of carrying the load, but when nearing Glen Ridge his legs gave out and he fell by the wayside helpless. In that condition he was found by Officer Mahoney, who took him before Justice Post, and was commited by him to jail for ten days. George will probably steer clear of this town when he comes out.

An Epidemic of Sickness.

Summit is experiencing an epidemic of sickness and several whole families are ill. The sickness is caused, some of the leading doctors say, by impure water. They recommend a closing of wells and advocate a public supply.

Town Committeeman Chas. H. Halfpenny has gone to Allentown, Pa., for his vacation.

ELECTRIC CALL BELLS throughout a house are a source of much comfort and satisfaction.

Many people say now-a-days that they are "so much bother and trouble that I don't want them."

When such complaints are made it is not the fault of the bells. The trouble is that too many people to save a paltry sum will have the work put in by some boys or inexperienced parties. Electric work should only be done by men of much experience who know the many essential points necessary for a perfect and satisfactory job.

The Royal Arcanum Lawn Party.

The members of Bloomfield Council, No. 960, Royal Arcanum, with their families and invited guests had a very enjoyable time last evening at the lawn-party given at the house of Grand Regent C. E. McDowell on Maple Street. The grounds were illuminated with Chinese lanterns, and music was furnished by Prof. Maier's orchestra. The pleasures of the evening were interspersed with singing, dancing and short talks on Royal Arcanum work. We noted many of the Grand Officers present from various points in the State, as well as the familiar faces of many of the Bloomfield people. May Bloomfield Council have many pleasant reunions to help on the cause of "Virtue, Mercy and Charity."

Julia Paid the Costs.

Julia Johnson of Railroad Place made complaint before Justice Post last week that Maggie Van Riper, residing on the same street, had at various times used bad language and called her names which a lady would not stoop to use. Both ladies are well known in colored society. The hearing was held on Tuesday night, and lasted but a few moments, as Lawyer Perry, who was counsel for the defence, arose and asked for a dismissal on the grounds that there was not enough evidence to convict. The Justice evidently thought the same, as he discharged the fair Maggie and made Julia pay the costs.

New Officers.

The Pierson Fife and Drum Corps at their meeting on Tuesday night elected the following officers: President, Frank Madison; Vice-President, R. Dower; Secretary, Charles Batzle; Treasurer, Charles Scharfenberg; Drum Major, Joseph Hill; Fife Major, Harry Hibbins; Drum Sergeant, Frederick Busch; Sergeant-at-arms, B. Smith.

Gone to Europe.

The Rev. Henry Spellmeyer, who is the pastor of Calvary M. E. Church in East Orange and who was formerly pastor of the Park M. E. Church in this place, sailed for Europe on Saturday on the steamer *Aurania*.

Will Change the Route.

Owing to the opposition the Orange and Bloomfield Cross-town Co. are meeting with in getting the consent of property-owners to run their branch to Montclair, the proposed route will probably be changed.

Newark's Water Supply.

Chief Assistant Engineer Sears of the new water supply for Newark states that the supply-pipe line is rapidly nearing completion, fifteen of the twenty-one miles being already laid. The line is now constructed from Smith's Mills nearly to the Passaic River at Little Falls. It skips then to Great Notch, and this part of the line has been laid from that point to within about a half-mile of the Morris Canal in Brookdale.

The Italians a Nuisance.

The Italians living on Glenwood Avenue, west of the railroad, became very noisy last Sunday night, causing great annoyance to the people living near by.
